Intro to Google Classroom

Jennifer Ashley
Engineering Technology and Fine Arts Content Coordinator
Technology Integration Specialist
ashleyj@sbrregional.org

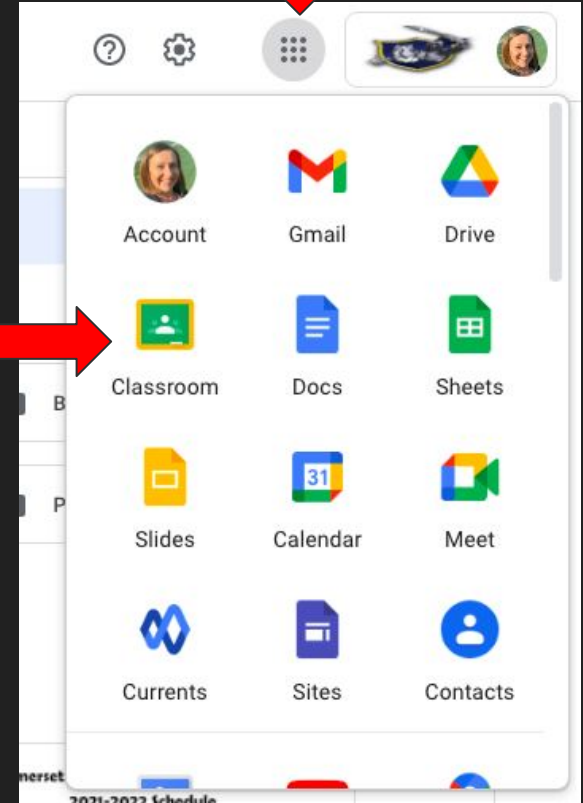

What is Google Classroom?

- Google Classroom is Somerset Berkley Regional High School's Learning Management System (LMS)
- Students will have a Google Classroom for every course they take
- This is the central hub for:
 - Course information such as the syllabus
 - Receiving information about coursework
 - Submitting completed coursework
 - Sub plans when a teacher is absent
 - Important announcements and reminders

How Do Students Access Google Classroom?

- From any Google application, students can click on the “waffle” menu to access Google Classroom (and any other Google App)
- Students can “join” their courses Google Classrooms in two ways:
 - The teacher can invite them to the class
 - The teacher can provide students with a join code
- Some teachers prefer to invite their students prior to the first day of school, while others prefer to wait until they see students in person
- Students can also download the Google Classroom app to a personal smartphone

How Do Students Find and Submit Coursework?

- Open the Classroom and click on the Classwork Tab
- Click on the assignment and then click “View Assignment”
- Students complete the assignment
- Click “Mark as Done” OR “Turn In” (this is important!)

The screenshot shows a Google Classroom interface. At the top left, there is a hamburger menu icon and the text 'Test Class Remote Learning'. The main content area features an assignment card with a document icon, the title 'How to Upload to Google Classroom from my Cell Phone', and the author 'Jennifer Ashley · Apr 28, 2020'. Below the title, there is a 'Class comments' section with an 'Add a class comment' button. To the right of the assignment card is a vertical menu with a colon icon. The 'Your work' section is expanded, showing a list of files with 'Special.pdf PDF' and a close button. Below the file list is a '+ Add or create' button and a prominent black 'Turn in' button, which is highlighted by a large red arrow. At the bottom of the right-hand panel, there is a 'Private comments' section with an 'Add comment to Jennifer Ashley' button.

How Can Parents/Guardians Connect to Classroom?

Option 1:

Email the teacher! He/She/They can connect a parent or guardian's personal email address to the student's Google Classroom.

With this option, parents and guardians will receive email summaries.

[Click here for more information about Google Classroom summaries.](#)

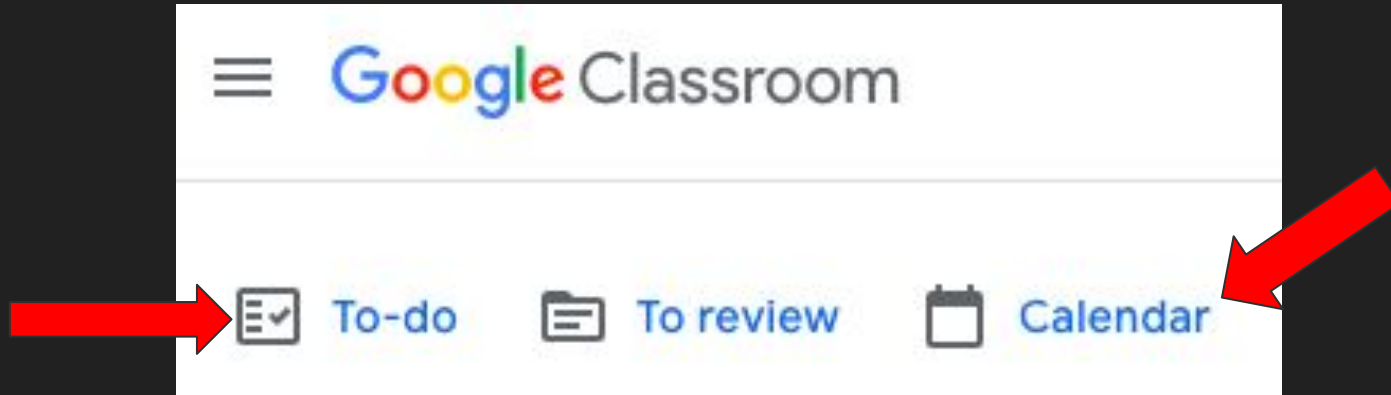

Option 2:

Download the Google Classroom app to your personal smartphone and login with your student's account. Adjust your app notifications accordingly.

With this option, you will see everything that your student can see.

Tips for Managing Your Assignments

- Utilize the “To Do” tool on the Google Classroom homepage
- Google Classroom assignments with due dates also appear on Google Calendar- consider using Calendar to help you stay organized with coursework and extracurricular activities
