As your diagnosed loved one gets older and becomes more independent, it's important for them to learn to respond to official inquiries from law enforcement, medical & rescue personnel, etc..

This workshop is designed to provide you with the tools to create a personalized photo ID for your loved one (s). This will allow you and support staff to teach them the importance of an ID, to always carry it and to refer to it during a situation.

Space is limited - 1st come, 1st serve. Computers will be available at the Library to complete the on-line template. Volunteers will be available to assist.
